

### Design

Design, make and create a fish cushion.

### Writing

Create a story all about a fish. Don't forget to describe your characters in detail.

### Science

Go crabbing or rock pooling. Ensure you stay safe and remember to release back to the same place. Record what you found, saw, caught and did.

### Reading

Write a book review of a fish story that you have read.

## Homework Takeaway Menu for Summer Second Half Term

Please use these ideas as a starting point for sharing a positive learning experience with your child. These are all **optional** and I hope there is at least one that you all feel would be great fun to do as a **project together**. Please bring in a share any that you complete.

Enjoy Mr Walton

### Design - Food

Invent a fish dish menu. How many exciting fish dishes can you think of.

### ICT Research

Find out as many different ways that you can go under water. What strange and interesting inventions have been created.

### Design

Make and design a submarine. What is special about your submarine?

### Design - Food

Cook, bake or make a fabulous fish dish. Write a review or how tasty it was.

### ICT, Art & Writing

Research and create a poster with information about a fish or other creature that lives under the sea. What interesting facts can you find out?

### Science

Create and perform a fair test. Can you find objects that sink to the bottom or float on the surface? What material are they made from? Can you find any that sink but not all the way to the bottom (neutrally buoyant)?

### Art

Create a large picture of a fish theme. It can be one fish or a complete under water scene. You could even copy a style of a famous artist.

### Design

Make a model of a fish or other creature that lives under the sea.
